**INDEPENDENT ACCOUNTANTS' REVIEW REPORT**

To the Board of Directors of  
Orange County Intergroup Association, Inc.  
Santa Ana, California

We have reviewed the accompanying financial statements of Orange County Intergroup Association, Inc. (a nonprofit organization) (the "Association"), which comprise the statement of financial position as of December 31, 2015, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Association management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

**Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

**Accountants' Responsibility**

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

**Accountants' Conclusion**

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

**ORANGE COUNTY INTERGROUP ASSOCIATION, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2015**

**Note 1: Nature of Business and Summary of Significant Accounting Policies**

**Nature of Business**

The Orange County Intergroup Association, Inc. (the "Association") is a nonprofit organization incorporated in the state of California on June 30, 1964. The purpose of the Association is to operate and maintain a central office to provide information about alcoholism to members of the Association to the general public and to help alcoholics achieve sobriety. The Association currently maintains two locations in Orange County, California. The primary sources of revenues for the Association's services are contributions and literature sales.

**Basis of Presentation**

The Association utilizes the accrual basis of accounting and accordingly reflects all significant receivables, payables, and other liabilities. Revenues are recognized when they are earned, and expenses are recognized as they are incurred whether or not cash is received or paid at that time.

The Association is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. As of December 31, 2015, the Association has no temporarily or permanently restricted net assets.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Association considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

**Certificates of Deposit**

The Association purchases Federal Deposit Insurance Corporation ("FDIC") insured certificates of deposit in the normal course of operations. The maturities are typically greater than 90 days but less than one year. The certificates of deposit are recorded at acquisition cost.

**Inventory**

Inventory consists of books and literature related to the Association's program and is stated at the lower of cost (determined on the first-in, first-out basis) or market.

**Capital Assets**

The Association's capital assets consist of furniture, fixtures, computers, office equipment, and leasehold improvements. Capital assets are capitalized at historical cost. Items with an original cost of \$500 or greater and an estimated useful life of more than one year are capitalized. Depreciation of capital assets is accounted for on the straight-line method for financial reporting purposes over the estimated useful lives of the assets, which range from three to seven years. Depreciation expense for the year ended December 31, 2015, was \$354.

**NOTES TO FINANCIAL STATEMENTS**  
**DECEMBER 31, 2015**

**Note 1: Nature of Business and Summary of Significant Accounting Policies (Continued)**

**Taxes Collected from Customers and Remitted to Governmental Authorities**

The Association presents sales taxes collected from customers and remitted to governmental authorities on a net basis. The Association records the amounts collected as a current liability and relieves such liability upon remittance to the taxing authority without impacting revenues or expenses.

**Donated Materials and Services**

Donated materials and other noncash contributions, if received, would be reflected in the accompanying statements at their estimated market values at date of receipt. Contributions of services are recognized if the services received create or enhance nonfinancial assets or require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Other volunteer services that do not meet these criteria are not recognized in the financial statements as there is no objective basis of deriving their value. A number of volunteers donate their time to answer phones and sell literature. All volunteer services received by the Association did not meet the above criteria and therefore are not reflected in the accompanying financial statements.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

**Income Tax Status**

The Association is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and is exempt from state franchise taxes under Section 23701(d) of the California Revenue and Taxation Code.

There was no income tax expense for the year ended December 31, 2015. However, the Association's tax years from 2012 to 2015 are open to review for federal tax purposes, and its tax years from 2011 to 2015 tax years are open to review for state income tax purposes.

**New Pronouncements**

In February 2016, the FASB issued Accounting Standards Update ("ASU") 2016-02, "*Leases (Topic 842)*". ASU 2016-02 requires the recognition of lease assets and lease liabilities by lessees for those leases classified as operating leases under previous standards. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election by class of asset not to recognize lease assets and lease liabilities. ASU 2016-02 is effective for fiscal years beginning after December 15, 2019, and early application is permitted.

**Note 1: Nature of Business and Summary of Significant Accounting Policies (Continued)**

**New Pronouncements (Continued)**

The Association is currently evaluating the impact of the provisions of ASU 2016-02 on the presentation of its financial statements.

In August 2016, the FASB issued ASU 2016-14, "*Not-for-Profit Entities (Topic 958)*". ASU 2016-14 requires improved presentation and disclosures to help not-for-profit entities provide more relevant information about their resources to donors, grantors, creditors, and other users. These improvements apply to qualitative and quantitative requirements in net asset classes, investment return, expenses, liquidity and availability of resources, and presentation of operating cash flows. ASU 2016-14 is effective for fiscal years beginning after December 15, 2017, and early application is permitted.

The Association is currently evaluating the impact of the provisions of ASU 2016-14 on the presentation of its financial statements.

**Restricted and Unrestricted Revenue and Support**

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in unrestricted net assets if the restriction expires in the reporting period that the support is recognized. All other donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. For the year ended December 31, 2015, the Association received no contributions that were deemed to be temporarily or permanently restricted.

**Note 2: Concentrations, Risks, and Uncertainties**

The Association maintains cash balances at a commercial bank. The aggregate account balances are insured up to at least the standard maximum deposit insurance amount of \$250,000, per depositor, by the FDIC. At December 31, 2015, the Association had no balances in excess of federally insured limits.

During 2015, the Association purchased approximately ninety-one percent of its inventory from one nonprofit supplier. At December 31, 2015, the Association had no balance due to this supplier.
